

# FCA Campus Ministry Events

(A handout for Students)

Your primary goal as a FCA Huddle Leader is to have and continue to develop your personal relationship with Christ; to make sure your walk with Christ is genuine and real in your life first. Your life should be one that is characterized by a passionate desire to know God and then to make Him know to the world. That will result in a life that is influential for the Kingdom of God. Let's all make sure that is the cry of our hearts as we seek to lead a FCA Huddle on our campus.

**Legal issues:** If the administration has any questions, tell them the law says you as a student have the right to have a club on the public school campus. Additionally, public schools in almost every state have an FCA. If they still concerned they can see fca.org, American Center for Law and Justice, The Rutherford Institute, Concerned Women for America, Family Research Institute, Coral Ridge Ministries, Prison Fellowship. You can also look on your FCA Digital Locker Room cd and print out a copy of your rights as a student on the public school campus.
